

Assignment Instructions

Below are ten topics assigned for your handwritten assignment. The topic you must cover is determined by the last digit of your student ID. For example, if your student ID ends in **1** (e.g., 210041121 % 10 == 1), you will work on the first topic. Similarly, if your ID ends in **2**, you will cover the second topic, and so on. The assignment topics are as follows:

- **NotPetya Attack (2017)** – (For ID % 10 == 1)
- **TJX Companies Breach (2005-2007)** – (For ID % 10 == 2)
- **Epsilon Data Breach (2011)** – (For ID % 10 == 3)
- **Equifax Breach (2017)** – (For ID % 10 == 4)
- **Meta (Facebook) Settlement (2022)** – (For ID % 10 == 5)
- **Veteran's Affairs Breach (2006)** – (For ID % 10 == 6)
- **Target Breach (2013)** – (For ID % 10 == 7)
- **Hannaford Bros Breach (2007-2008)** – (For ID % 10 == 8)
- **Sony PlayStation Network Breach (2011)** – (For ID % 10 == 9)
- **Yahoo! Breach (2013-2014)** – (For ID % 10 == 0)

Assignment Requirements

Your assignment must address the following key aspects:

1. **How the breach occurred** – Explain how the hackers or intruders gained access.
2. **Attack vector** – Describe the specific techniques or vulnerabilities exploited.
3. **Financial impact** – Discuss the financial losses incurred by the affected company or organization.
4. **Prevention measures** – Suggest strategies that could have been used to prevent the attack.

While you are encouraged to include additional insights, failure to cover the above points will result in a deduction of marks.

Submission Details

- **Submission Date:** March 17, 2025
- **Mode of Submission:** In-person during class time

Ensure your work is well-researched, neatly written, and meets the assignment criteria.
